

LATITUDE MEDTECH

Operational Plan — Field Operations & Business Development

Effective Date: June 2026 | Document Version: 1.0 | Status: Active

1. PURPOSE AND SCOPE

This Operational Plan ("Plan") governs the field-based business operations of Latitude MedTech and its authorized representatives (collectively, "the Company") engaged in sales, marketing, client advisory, mentorship, and business development activities across the Southern California market. The Plan is intended to provide operational clarity, establish conduct standards, and serve as a governing reference in any contractual, compliance, or legal context.

This document supersedes any prior informal operating guidelines and shall be read in conjunction with applicable federal, state, and local laws, as well as Latitude MedTech's governing corporate documents.

2. OPERATING TERRITORY

Latitude MedTech personnel are authorized to conduct business activities throughout the following counties and regions without advance notice or individual trip approval, provided activities are consistent with Section 3 of this Plan:

Abbreviation	Region	Key Cities / Areas
OC	Orange County	Irvine, Newport Beach, Anaheim, Santa Ana, Laguna Hills, Mission Viejo
SD	San Diego County	San Diego, Carlsbad, La Jolla, Escondido, Chula Vista, El Cajon
LA	Los Angeles County	Los Angeles, Pasadena, Long Beach, Torrance, El Segundo, Santa Monica
IE	Inland Empire	Riverside, San Bernardino, Ontario, Rancho Cucamonga, Temecula

Travel within the above territory is pre-authorized on all days of the week, including weekends and public holidays, as business activity may be required on any day to meet client, mentee, or event obligations. Mileage and travel expenses shall be documented per the Company's expense policy.

3. AUTHORIZED BUSINESS ACTIVITIES

3.1 Sales and Marketing

Personnel may conduct the following sales and marketing activities throughout the operating territory on any day of the week:

- In-person and virtual product demonstrations and consultations with prospective and existing clients.
- Distribution of marketing collateral, product literature, and promotional materials.
- Attendance at trade shows, conferences, seminars, and industry-specific events.
- Prospecting, lead generation, and follow-up meetings at client facilities, co-working spaces, or neutral venues.
- Coordination with hospital systems, medical device manufacturers, distributors, and healthcare procurement teams.

3.2 Client Advisory and Mentorship Meetings

Latitude MedTech engages in ongoing advisory and mentorship relationships with clients, consultants, and industry professionals. Meetings in furtherance of these relationships are authorized at any time and any approved location, including but not limited to:

- Private offices, co-working facilities, and professional conference rooms.

- Client headquarters, hospital campuses, and manufacturing facilities.
- Restaurants, hotel lobbies, and professional networking venues.
- Licensed hospitality venues, including restaurants, brewery taprooms, bars, and lounges, provided the meeting retains a legitimate business purpose and is documented accordingly.

3.3 Networking and Client Events

Attendance at networking events, client appreciation events, and industry social functions is a recognized and authorized component of Latitude MedTech's business development strategy. Such events frequently occur at hospitality venues, including brewery taprooms, wine bars, rooftop lounges, and similar licensed establishments. Personnel attending these events in a representative capacity are authorized to:

- Represent the Company's brand, services, and capabilities.
- Exchange business information, execute introductions, and cultivate prospect relationships.
- Host or co-host client receptions, roundtables, or informal meetups at appropriate venues.
- Incur reasonable and necessary hospitality expenses consistent with the Company's expense policy.

3.4 Flexible Scheduling and Day-of-Week Authorization

Given the nature of the medical technology and healthcare industries, client availability, event scheduling, and sales opportunities do not adhere to a standard Monday–Friday schedule. Accordingly, this Plan expressly authorizes business activities, travel, and client-facing engagements on all seven days of the week. No additional authorization is required for weekend or holiday activity within the approved operating territory.

4. CONDUCT STANDARDS AND COMPLIANCE

All personnel operating under this Plan shall adhere to the following standards:

Standard	Requirement
Professionalism	Conduct at all venues — including informal hospitality settings — must reflect the Company's professional standards. Personnel represent Latitude MedTech at all times during authorized activities.
Regulatory Compliance	No personnel shall make unverified regulatory claims (FDA, EU MDR, ISO 13485) to clients without appropriate SME review. All advisory outputs remain subject to the Company's internal review protocols.
Documentation	Business meals, client events, and hospitality-related expenses must be logged with date, location, attendees, and business purpose within five (5) business days of the event.
Alcohol Policy	Responsible and moderate consumption of alcohol is permitted at networking and client events held at licensed venues. Personnel shall not conduct formal presentations or execute agreements while impaired.
Confidentiality	Client information, proprietary data, and internal Company strategies shall not be disclosed in public venues. Discretion is required at all times.

5. AMENDMENTS, GOVERNING LAW, AND REVIEW

This Plan shall be reviewed no less than annually and may be amended at any time by authorized signatories of Latitude MedTech. Amendments become effective upon execution by the parties listed in Section 6. This Plan is governed by the laws of the State of California. Any disputes arising from interpretation or enforcement of this Plan shall be subject to the exclusive jurisdiction of the courts of Orange County, California.

6. AUTHORIZATION AND ELECTRONIC SIGNATURES

By signing below, the authorized representative(s) of Latitude MedTech acknowledge that they have read, understand, and agree to operate in accordance with the terms of this Operational Plan. Electronic signatures executed via Adobe Acrobat

Sign or a comparable platform carry the same legal weight as handwritten signatures pursuant to the Electronic Signatures in Global and National Commerce Act (E-SIGN Act, 15 U.S.C. § 7001 et seq.) and the California Uniform Electronic Transactions Act (Cal. Civ. Code § 1633.1 et seq.).
